## General Comment

In this FREE country it is time that the politicians start voting for policies and bills that will build the citizens up instead of tearing us down. For those of us that understand the meaning of "Retirement", which means we worked and saved for the future, we would like you to let us take care of our funds without your interference. (the Government) Don't take my money to give to those that haven't earned money or that didn't plan for their own retirement. Looks like it's almost time for another Boston Tea Party!
